For the past seven years the MOBILE AREA JEWISH-CHRISTIAN DIALOGUE group has been meeting in an attempt to achieve understanding and tolerance of each of our individual faiths as well as the pursuit of common goals, undertaken in concert for the good of our community and society.

In the beginning, small groups of Catholics and Jews met in private homes to get acquainted, build trust and discuss topics of mutual interest. During the second year we were fortunate to have several members of the Protestant community join us; hence, we became known as "THE MOBILE AREA JEWISH-CHRISTIAN DIALOGUE."

As a result of the input from participants, the dialogue assumed a new look. A series of speakers with expertise in various areas of Christian and Jewish Theology were invited. These formats were so well accepted that it was decided we would combine them and have speaker as well as small group discussions. Subsequently, a Study Group was added to the available options for dialoguers, which consisted of educational programs at several churches in the area and the Dauphin Street Synagogue.

Again this year, we will strive to respond to the signs of the times by presenting provocative lectures, open dialogues, and dinner-dialogues. Dialogue is a way of actualizing God's commands to a new "halakha" as well as an historical search for the God Who is One for us all. We invite you to participate in this endeavor.
