

## **Mission Statement**

The Jewish-Christian Dialogue of Mobile, directed by lay members of the local Jewish and Christian communities under the sponsorship of Spring Hill College, promotes interreligious understanding. Through such activities as public lectures and joint prayer services, we foster understanding of each other's religions and practices, help participants come to know "the other," combat stereotypes and negative attitudes, and encourage respect and celebration of the richness of one another's traditions. Building on the legacy of Jewish-Christian dialogue in Mobile, we make scholarly information and perspectives available to everyone in a way that is relevant to their personal lives and to issues confronting us all.
